VOLUME CVII

— Index —

1967

A

ABBA members vote to support AHI—6
ABJ criticized—125, 165, 245, 285
Advertising honey in waiting rooms—417
Agricultural college at Guelph, Ont.—64
Agricultural Research Service—208
Agriculture, modern—52
Air cargo rates will drop—6
Alamance queen mating yard—192
Allergy from propolis—131
Allergy, insect sting—125, 302
Alley, Henry, plaque dedicated—16
Allgemeine Deutsche Imkerzeitung—205
American Beekeeping Fed.—(1967) 25, 110 (1968) 390, 434, 466
American foulbrood treatment—290
Anatolian group of bees—214
Anderson, Earl, to study industry problems—394
Antimicrobial activity of propolis—90
Ants kill bees—14
Apicultural Abstracts—409
Apiculture not included in "Fact Book"—6
Apimarylandite hosts—301, 325
Apimondia sends greetings to beekeepers—20
Apis mellifera adansonii—125
Arboretum an ideal location for bees—373
Argentine beekeeping—451
Arkansas supports 4-H work—376
Artificial food for bees—134
Australian Bee Journal—285
Australian honey crop—106
Australians attend XXI Congress—205
Auto safety belts—125
Autumn Collapse—365

B

Baldensperger, Mlle—272, 285
Ballad of the bee—45
Barber, Mary I.—224
Barker, R. J., to Tucson lab.—232
Barton, Mrs. Ivan, cooks with honey—263
Beals, J. D., honored—432
Bears bother apiaries—325
Bee behavior—294, 448
Bee blower demonstrated—385
Bee buttons—340
Bee eggs flown from Scotland to USA—405
Bee journals of the world—
  Australian Bee Journal—285
  Allgemeine Deutsche Imkerzeityng—205
  Bee World—165
  Irish Beekeeper—365
  Journal Suisse D'Apiculture—245
  La Belgique Apicole—125
  Scottish Beekeeper—325
  Slovenski Cebelar—405
Bee labor builds industry—414
Bee Research Ass'n history—135, 408
Bee stock center—209, 255
Bee venom protects against radiation—23
Bee World magazine—165, 408
Bees—
  and pollination—94, 334
  are fun—85
  at burials—85, 165
  at Washington arboretum—373
  blood cells—256
  bot with Gov. loan—420
  characteristics at high altitudes—10
  defended on CBS—325
  evaluation of races—168, 214
  flight of, on radar screen—125
  foraging range—412
  imported to Calif. by Harbison—378
  in Appalachians—23
  in palace, New Delhi—365
  in prison—6, 45
  in rehabilitation program—45
  killed by ants—14
  lectures in schools—176
  minimizing pesticide damage—45
  need water—205, 254
  pollination service—19, 248
  preference in pollen substitutes—48
  Races—
    Anatolian group—214
    Carniolan—169
    Caucasian—214
    Cyprian—215
    Egyptian—215
    Greek—214
    Intermissa group—168
    Italian—169
    Middle Eastern group—215
    Saharan—218
    Syrian—215
    Tellian—168
  sent to Vietnam—245
  slides shown at schools—6
  subdued by rum—165
  withstand smog—205
  with mutations wanted—255
  wintering—6, 27, 372, 418
Beehive paintings—369
Beehives branded—85
Beekeeper of the year—
  1965—Carl E. Killion—57
  1966—Willard Smith—27
  1967—Frank Hrushka—394
Beekeepers not heavy smokers—110
Beekeeping, Beginning—68, 104, 144, 184, 226, 264, 304, 346, 386, 426
Beekeeping costs in pollination—248
Beekeeping future in Calif.—127, 337
Beekeeping important to agriculture—52
Beekeeping research program—222
Beeswax production—95
Birds are honeyeaters—245
Blood of bees—256
Blower mounted on tractor—59
Bottom board, deep—331
Bottom board, Killion—172, 173
Breakfast week, honey—60
Buildings in Washington, D. C.—220
Button collection of Roy A. Grout—341

C

Cages for storage of queens—250
California, future beekeeping—137
Calif. & Ariz. losses from pesticides—377
Calif. hive by Harbison—378
Canada's research labs.—297
Cappings melter by Harold Eckdahl—45
Carniolan bee—169
Caucasian bee—214
Chemical control of weeds—85
Chemist, W. H. Shipman—23
Cinderella of agriculture—6
Codex standards—342, 374
Coloring competition, N. Z.—45
Comb culling—332
Commodity Credit Corp.—138
Computers used in pest control—45
Congress, XXIst International—6, 21, 64, 125, 140, 180, 220, 230, 260, 268, 301, 310, 365, 380, 421
Congress, XXIst International, new officers—421
Congress of beekeepers of Chile—300
Corrections of June 1966 issue—15
Correspondence course, Pa.—270
Cost of production survey—139
Costs in pollination—248
Cotton fields infested by bollworm—377
Cotton pests—458
Cough drops, honey lemon—45
Cranberry pollination—212
Crane, Dr. Eva, visits Australia—251
Crash diet for queens—252
Crops and Markets—5, 47, 87, 127, 167, 207, 247, 287, 327, 367, 407, 447
Crops pollinated by honey bees—222, 335
Cyprian bee—215

D

Demaree system—253
Displays—
  Florida—192
  Illinois—93, 270
Drones—7
Drum stacking device—257

E

Editorial—Federation projects—176
Egyptian bee—215
Elieff, Elia, contributes to March of Dimes—96
Entomology Review Com.—194
Entrance in hives for winter—6
Enzymes in honey—374
Equipment built by beekeeper—210
Errors creep in—165
Ethylene Oxide research—290
European bee impressions—382
Exhibits—
  Cologne, Germany—423
  Florida—192
  Illinois—93, 270
Expo 67—66, 405
Exposition (Wis.) World Food—274, 354
Extension opportunities—249

F

Federation projects—176
Fellowships available at Guelph—232, 272
Fish eat bees—382
Florida Ass'n exhibit—192
Flyway Service in pollination—216
Food for bees, artificial—134
Foods tested for pesticides—405
Foraging range of bees—412
4-H members given hive—376
Frames, cleaning—170
Fraser, Dr. H. M. has 93d birthday—325, 405
Freezing honey—285

G

Garden display house—292
Garden tractor equipped with blower—59
Goldfish die after eating bees—45
Government loan for beekeeper—420
Greek bee—214
Grout, Mrs. Roy and daughter Ruth at International Congress—381

H

Hambleton, J. I. began beekeeping in France—325
Harbison hive—378
Haydak, Dr. M. H.—13, 232
Health, rural—85
Herbicides—85
Hill House, England—296
Hive nailing contest—432
Hives in groups for pollination—412
Hives lifted with Du-All—383
HMF content of honey—375
Hobbyist beekeepers—249
Hofmann, Charles, shows slides—6
Holzberlein, Jr., John W.—tribute—102
Honey—
  and beeswax estimates—87
  and peanut butter—325
  as a nutrient—51
  bee role in U.S. agriculture—368
  cannot be made artificially—6
  carry a supply to sell—165
  cookery contest rules—272
  cough drops—45
  crop for Montana—18
  featured in restaurants—205
  for Breakfast Week—60, 98
  ice cream—50
  Import Act—342
  import duties—176
  imports—138
  market price—139
  price support—138, 167, 176, 259
  Industry Council formed—136
  keep in freezer—285
  preparing for market—329
  production cost survey—139
  production increasing—128
  quality, measuring—374
  recipes in Woman's Day—405
  sampler—98, 129, 224, 262
  selling in flower shops—365
  stand—329
  standards proposed—342
  sundaes with sunflower topping—245, 325
  tie-ins—344
  weeks—303, 365, 423
  yield in W. Australia—405

Honey Plant Gardens—58, 177, 424
Honey plants—
aster—58
chicirico—58, 424
fall flowers—58
motherwort—424
Pattersons burse—106
sainfoin—18
saltcedar—219
tamarix—219
vitex negundo incisa—177
Honey promotion—
by Am. Honey Institute—24
by Charles Hofmann—6
Danish style—45
in Australia—6
national approach—370
with 1966 Am. honey queen—24
Honey Queen (1964) Leslie Floyd weds—468
Honey queen program support—253
Honey queen sponsor's duties—253
Honey Queens—
1966—Beverly Gibbs—24, 110, 112, 152
1967—Linda Santa Cruz—110, 152, 472
1966 Minn.—Linda Johnson—28, 350
1967 Minn.—Pat Ives—350, 421
Kans. Patricia Sebree—468
N. J. Jean Wightman—468
Tenn. (Memphis area) Alice Mae Rye—27
Wis. Donna Schwartz—352
Wis. (Manitowoc Co.) Janice Puta—484
Honey queens not needed in England—285
Honeycomb design for US pavilion—405
Honeycomb device—165
Horguelin, Paul—tribute—293
Hrushka, Frank, receives award—394
Huff, Earl, (Ind.) resigns—106
Humidity in hives—372

I

Illinois beekeepers of the year—27, 57
Illinois beekeeping displays—93, 270
Ill. State Fair sells honey ice cream—50
Imkerfreund, German bee journal—245
Import duties for honey—176
Imports of honey affect beekeeping—342
Imports of honey to U.S.—138
India ag. univ.—53
Indiana inspector, C. F. Wade—154
Insecticides—
Kelthane—72
TEPP—72
Insecticides, list of—338
Intermissa group of bees—168
International center for research—51
International exhibition—192
Irish Bee-Keeper—365
Italian bee—169

J

January is Federation month—20
Jensen, N. C., retires—468
Journal Suisse D'Apiculture—245

K

Kauffeld, Norman M., USDA bee specialist—96
Killion bottom board—172, 173
Killion, Carl E., authors new book—57
Knipling, Dr. E. F., honored—142

L

La Belgique Apicole—125
Label collection—152
Label, red, for selling honey—6
Laboratory, USDA bee disease—100
L'Arrivee, Dr. J. C. M. resigns—106
Lectures on bees in schools—176
Life of the honey bee—461
Loper, Dr. G. M., to Tucson lab.—470
Lye for cleaning frames—170

M

Machine to lift and weigh hives—352
Mammoth Cave—430
Maple syrup prices raise—285
Market improvement—6
Market reports needed—376
Maryland inspector, J. V. Lindner—470
McGregor, S. E., chief apiculture research—12
Mechanize your operation—59
Microbiologist—130
Middle Eastern group of bees—215
Migratory beekeepers affected by N. D. laws—432
Mowing delayed benefits bees and birds—365
Meetings—
Am. Bee Breeders Ass'n—390, 430
Am. Beekeeping Federation (1967) 20, 25, 110; (1968) 390, 434, 466
Am. Honey Show—150
Am. Medical Ass'n—85
Apiary Inspectors of America—26, 110
Beekeeping short course—274
Hobbyist—26
Honey show in Germany—192
International Congress, XXI—6, 21, 64, 125, 140, 180, 220, 230, 260, 268, 301, 310, 365, 380, 421
International Congress, XXII, Stuttgart, Germany—422
Manitoba Ass'n picnic—390
Midwest Beekeepers' Roundup—268
New Jersey honey show—384
Scientific conference—310
Southern Beekeepers' Conference—354, 390, 430
Women's Auxiliary—26
World Garden Show—270

N

National honey week—303, 365
National medal of science—142
Nectar bearing plants—257
Nectar production—54
Nectar sources in US—414
Nielsen, Ross, A., to lab in La.—432
N. Dak. had new bee laws—432
Nutritional research—51

O

Obituaries—
Allen, Simon O.—274
Barrett, Carroll—472
Beach, Ben—274
Bird, Harry—434
Dale, Mrs. Harry E.—74
